Important changes in support group meetings information:
We will now only be sending support group fliers electronically. We will no longer mail out a hard copy. If you'd like to continue receiving our fliers, please email Sharmyn at pituitarybuddy@hotmail.com to receive info about the meetings and pituitary patient events.

You can also view our website for meeting information on, our patient resources page.
<https://www.pacificneuroscienceinstitute.org/resources/patient-resources/patient-support-groups/>

As well join us on our Facebook page for the updates on our support group and all the fantastic news going on at the PNI. We will serve a continental breakfast at 10:00am and immediately following our speakers we will serve lunch. There will be time for questions and answers and for patients to share support with each other. If you can't be with us in person please join us on Facebook for our Live Stream starting at 10:00am. You can ask questions and join us via the internet.

Speaker:
11:30am – 12:45pm
Topic:
Pituitary Tumors 101
Making Sense of Now

Katherine Araque, M.D.
Director of Endocrinology, Pituitary Disorders Center

Come and meet our newest team member, Dr. Araque, is a board-certified endocrinologist at Pacific Pituitary Disorders Center. Dr. Araque brings her special expertise in clinical and research projects in the diagnosis and treatment of pituitary hormone deficiency in adults, Cushing's disease, prolactinomas, acromegaly, sellar masses and other pituitary tumors.

Uniquely experienced in diagnosing and treating patients with pituitary and neuroendocrine conditions, Dr. Araque completed her internal medicine training at Yale New Haven Health Bridgeport Hospital in Connecticut and a fellowship in adult endocrinology at The National Institutes of Health in Maryland. Dr. Araque speaks both English and Spanish.
